INSTRUCTIONS
FOR YOUR **PRODUCT**

NE130010
Super-Scaled Holiday Nutcracker Statue

Thank you for your recent purchase of this Design Toscano Sculpture. We have taken great care to create this piece especially for you. Please review these instructions and assemble this piece with care. A four person assembly is suggested. Do not over tighten any screw or bolt connection.

When moving or storing for the off season, we strongly suggest that this sculpture be separated into two pieces: body with arms attached and legs with base attached. Take care in moving as a sudden jolt may compromise the structure.

Step 1

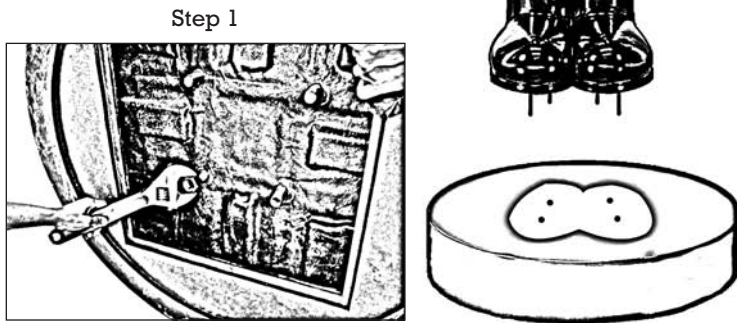

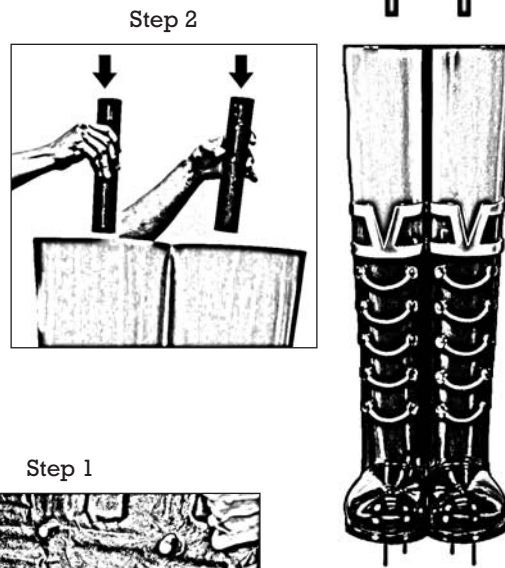

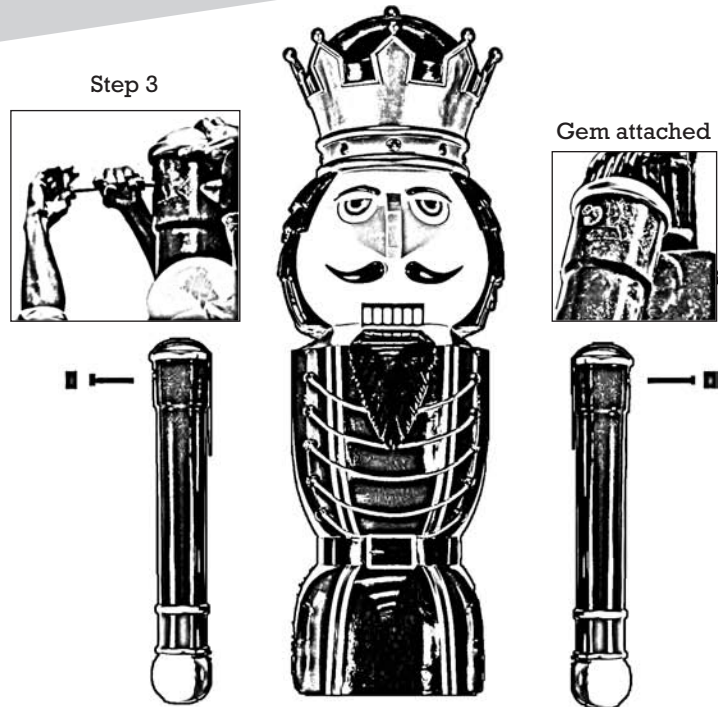

Align the prepared bolts (under the feet) with the holes on top of the base. Attach bolts with provided nuts by turning nuts clockwise using wrench to tighten.

Step 2

Insert the two tubular pieces into the top of the thigh and attach the main torso.

Step 3

Remove the gems from the bolts and use the bolts to attach the left and right arms of the Nutcracker. After attaching both arms, attach gems to bolts with small dowel bolt.
